## NEUCAST® ACRYLIC SURFACE TABLES

NeuCast® acrylic surfaces are suitable for dining, meeting, training, library, occasional, and many other applications. Available in all of Benjamin Moore's® Preview and Classic colors, the color options are virtually limitless.

- NeuCast® is offered in two versions—Solid NeuCast® and Fused NeuCast®.
- Choose any color from Benjamin Moore's® Preview or Classic collections.
- Waterproof and non-porous, NeuCast® will not stain—making it ideal for cafés, restaurants, and corporate or university dining.
- Durable acrylic surfaces will stand up to hard use.
- Use NeuCast® tops with any Neudorfer wood or metal bases as well as on GEOS cylinder and cube tables.

See our web site for additional information.
